The OSHC Programme

The OSHC Programme provides a stimulating environment with open ended resources and unhurried time, inviting children to play, explore and experiment with areas that are of interest to them without restrictive scheduling. The My Time Our Place National Framework forms the foundation for our planning, coupled with written Learning Journeys of the children's experiences. Children will also be included directly in the planning processes, by participating in group and individual discussions, developing ideas and concepts to be explored in the various play zones.

The fortnightly time table offers a range of extracurricular activities for the children to participate in. These activities may be rotated each term, to allow wider access, so check directly with the OSHC staff for updates. Activities will also change to reflect the children's interests and feedback. Supplementary programmes are also offered for children who do not wish to participate. These programmes include, but are not limited to; Literacy Planet, Mathematics, LOTE (commencing term four), Chemistry by Correspondence and cooking.

RMS OSHC Holiday Programme

The Holiday Programme mirrors the Programme provided by Our Place OSHC & Pre-Kindy. This guarantees the programme will go ahead, even if the booked numbers are low. The activities and excursions are guided by the interest of children from both centres and are released 3-5 weeks prior to the upcoming break. When ready, booking forms can be collected from the RMS OSHC staff or from the school's reception.

Fee Structure

Session	Operating Hours	Standard Fee	Casual Fee	Absent Days*
